

SIUC PA Program
CASPA Supplemental Application Material
March 13, 2008

1. Go online to www.siu.edu/gradschl and complete the SIUC Graduate School Informational form. Be sure to select either the MSPA or the MCP (online completion program).
2. If you are applying for the Masters Completion Program (MCP), please go to our website and complete the forms located there.
3. Go to our website (<http://mccoy.lib.siu.edu/~paprogram>), locate and download reference forms (two (2) pages) for at least three (3) professional, academic and/or community persons who are willing to complete the forms. All areas on the reference forms should be completed and submitted to the Academic Advisor. These references will not be accepted if they are from family and/or friends. Reference letters will only be accepted if they accompany the two-page, completed reference form.

It is recommended that at least one (1) reference form be written by a faculty member with whom you have taken at least two (2) college/university classes; and one (1) reference from an employer or health care professional or supervisor. If this cannot be done, select someone who knows you and your background well.

Each writer must seal the reference form in an envelope and **sign across the seal**. All sealed reference forms must be included with your application.
